L. HARPER, Editor and Proprietor  
Official Paper of the County.

COUNT VERNON, OHIO:

THURSDAY MORNING, NOV. 15, 1888

CONGRESS will convene in two weeks from next Monday.

17,000 REDEMPTION in the Republican plurality in Ohio will do for the present.

Gov. the Republican candidate, has probably been elected Governor of West Virginia.

The majority for Roger Q. Mills, author of the "Mills bill," in Texas, is about 7,000.

If you want to know how it happened, ask any man you meet in the "corner grocery."

THERE is a report that Governor Guy of the Chickasaw Nation was assassinated on Saturday.

Mrs. JAY GOULD is very low from a stroke of paralysis, and her recovery is considered impossible.

A LITTLE boy named Darr, at Shelbyville, Ind., found a loaded pistol in a drawer, and he is an angel now.

PIEST, CLEVELAND attributes his defeat to the lavish use of money. He is right there. Money did the work.

HARRISON is elected, but his trouble will come when the big elephant (Harrison) attempts to enter the Log Cabin.

The London bloodhounds that were started on the trail of the murderers of bad women failed to run them down.

It is said that D. L. Alexander, at present a citizen of Buffalo, will be President Harrison's private secretary.

The Washington Republican, which died nearly a year ago for want of support, is to be revived as a morning daily.

The Republican managers are all now for the old flag and an appropriation—the latter to come out of the national surplus.

GEN. HARRISON has sent a telegram of condolence to Warner Miller, the defeated Republican candidate for Governor of New York.

BOODLER DUDLEY didn't go to Indiana to vote, so many people out there were anxious to make that \$5,000 reward for his arrest.

The Columbus State Citizen announces that "Hon. S. C. Cox gives it up." Then it must be so; for Sam, like G. W., "never told a lie."

FREDERICK KNOWN, his wife and 11-year-old daughter, perished in their burning dwelling at Vernon Center, N. Y., at noon on Sunday.

BRADY says he would rather be in the Senate than in the Cabinet, but would like to have his son Walter made First Assistant Secretary of State.

Geo. B. Cox, the defeated Republican candidate for Clerk in Cincinnati, will probably resume the saloon business at the old stand—"Murderer's Corner."

A BABY born the night before the election in Indiana, has been named William Henry Harrison Tippecanoe Bratton by his enthusiastic Republican parents.

THE Democrats of Philadelphia made a clear gain of 13,000 at the late election, which goes to show that the "free trade" scare didn't work in the staid old Quaker city.

AFTER all the Republican bulldozing that was practiced in Cleveland, Harrison's plurality in that city is only 500. This shows that workmen are not so scared at shadows.

THE Cincinnati Centennial closed last Thursday night. It was a good thing for Cincinnati hotels and merchants; but of little or no benefit to the balance of the State.

HON. W. H. BARNUM, of the Democratic National Committee, is reported to be seriously ill at his home in Connecticut, from the effect of overwork during the late campaign.

MAJOR McKINLEY, Congressman from the Canton district, and Tom Reed of Maine, will be strong opposing candidates for Speaker of the next House of Representatives.

Geo. H. FORSTER, President of the New York Board of Aldermen, who was re-elected, died the next day at his home in Riverside. He was a Tammany Democrat of long standing.

THE New York World printed and sold 180,285 copies on the day after the Presidential election. This is unquestionably the largest edition ever attained by any American newspaper.

THE Democracy of Clark county made a square fight on the tariff issue, and the result was that they made a gain of 1,000 on the majority of 1884, and 1,200 on the majority for Foraker.

The indications are that the Prohibition vote in Ohio will fall off 10,000, which means that that number of the cold-water army took a sudden fancy for hard-ether, coon-skins and free whisky.

"UNDESIRABLE taxation is unjust taxation," still, and don't you forget it. And it will be wrong in your ears so long as the war tariff on the necessities of life continue to overflow the national treasury.

CLEVELAND has had a remarkable streak of good luck in his political life; but when it came to battling against monopolies and trusts on the subject of "tariff reform," money was more powerful than argument.

We agree with the Plain Dealer that President Cleveland is a thoroughly honest man, but a poor politician. He could have elected himself had he resorted to the ruses and stratagems adopted by his antagonists.

JOHN C. EGO and other New York hoodlums, now in Canada, but heavily on the election of Harrison, and of course won. It is too bad that Democrats have to supply these scoundrels with spending money.

The Republicans of Indianapolis, in jollying over the election of Harrison, disgraced themselves and dishonored their distinguished townsman by carrying in the procession caricatures of the President of the United States, and making a display of coffins, skeletons and kindred tokens of their lack of decency and common sense.

## THE RESULT.

Harrison's Election Certain.

A Republican Majority in both Branches of Congress.

There is no use waiting for official details. Enough is known to satisfy all reasonable persons that Benj. Harrison of Indiana has been chosen President of the United States.

We think there is no doubt but that the Republicans will have a working majority in the next Congress. The Democrats have lost three members in Minnesota, two in Michigan, four in Virginia, two in North Carolina, two in Iowa, two in Massachusetts, one in Louisiana, one in Ohio, two in Missouri, etc.

The only considerable gain was made in New York, where four new districts were captured by the Democrats.

The Republicans have carried the Legislatures of a sufficient number of States to insure a continuation of their ascendancy in the U. S. Senate.

The States will cast their vote as follows in the electoral college:
